

William the conqueror

William the conqueror
became king in 1066 AD and
he had two kings

Killed so that he could take
the throne.

He was teased a lot because
he said he was the son of a
tanner-a leather worker.

He once went to York and
paraded and everyone they
found was slaughtered.

He fell off of a horse onto
burning cinders and died.
His stomach exploded at his
funeral.
