## Definition

The term intimate care in this policy can be defined as any care which involves, touching to enable an action to be completed a procedure that most children do for themselves, but which some of our children are unable to do.

## The reasons for care procedures are:

- To assist with or to provide all personal hygiene routines.

## The reasons for the use of touch in our work are:

- To convey meaning, for total communication.
- To provide comfort and reassurance.
- To aid nutrition and administer either routine or emergency medication.
- To redirect a child or young person to a safe place.
- To assist in physical movement or aid mobility.
- To carry out certain therapeutic procedures using professional guidance or programmes.

## Our approach to best practice:

- At Sheringham Community Primary School & Nursery we are committed to ensuring all staff undertake care routines in a professional manner at all times; adults will only touch children in ways which are appropriate to their agreed role or responsibilities.
- The school is responsible for safeguarding all the children in its care.
- All our staff have received training to recognise the signs and symptoms of potential abuse and know the correct procedures to follow for safe guarding concerns.
- All staff who will be in direct contact with our children have been DBS checked.
- Respect and dignity will be the key features of any care routines.
- No child will be attended to in a way which causes distress, embarrassment or pain.
- The school will work in close partnership with parents and carers to share information and provide continuity of care.
- We will touch appropriately to help children to communicate, play, become independent, be safe, feel protected and secure.
- We recognise that some of our children are very sensitive to touch and respect their wishes accordingly.
- If a child is unsafe or showing extreme behaviour, we will use positive handling following the information on support and intervention plans (by staff trained in Norfolk Steps).

- The child will be informed by their preferred method of communication before any care routines take place and throughout.
- Throughout all personal care routines, children will be encouraged to be as independent as possible.
- Parents will be asked to sign a permission form on entry to school explaining our use of touch and approaches to care routines. This form will be reviewed annually.
- We will ensure privacy is offered by use of our medical room and the use of screens in more public changing spaces.
- We allocate staff to care routines according to ability, suitability and child need; not as a direct result of their gender. If, however, a specific request is made for a male or female carer we will endeavour to support this.
- Staff are protected by adhering to this policy and more practically by the availability of protective clothing, gloves and disposal systems.
- A care plan will be agreed by the parents/carers and reviewed annually.

### **Roles and Responsibilities of head teacher:**

The Head Teacher will ensure all stakeholders are aware of the policy. The policy will be reviewed annually.

### **The governing body will ensure that:**

The governing body will ensure that Sheringham Community Primary School & Nursery complies with the policy.

### **To be read in conjunction with:**

Moving and handling plan

Behaviour & Discipline Policy

Safeguarding

Health, Safety & Welfare Policy

Touch Policy

Inclusion Policy

## Appendix 1 – Care Permission Form for new pupils

Dear Parent/Carer,

At Sheringham Community Primary School & Nursery we may need to give physical contact to your child for a variety of reasons. This could be:

- To convey meaning.
- To assist with or provide all personal hygiene routines.
- To provide comfort and reassurance.
- To aid nutrition and administer either routine or emergency medication.
- To redirect a child to a safe place, both environmentally and emotionally.
- To assist in physical movement or aid mobility.
- To carry out certain therapeutic procedures using professional guidance or programmes for example exercises as directed by a physiotherapist.

Therefore, we would like to ask for your permission to carry out these duties

In completing this permission form and returning it to school, you are consenting to the following:

- I/We give permission for Sheringham Community Primary School & Nursery to provide personal care to my child (named below).
- I/We understand that there are occasions in which my child may be given physical contact to aid them and ensure their safety and wellbeing.
- I/We will advise Sheringham Community Primary School & Nursery of anything that may affect issues of personal care (if medication is changed or my child has an infection for example).
- I/We understand the procedures that will be carried out and will contact Sheringham Community Primary School & Nursery immediately if there are any concerns or queries.

If you require any more information please contact the school. The school's care policy on is available upon request.

Many thanks.
