

Sheringham Community Primary School Sports Spend 2025-2026

The PE and Sports Premium is a government funding designed to help primary schools improve the quality of physical education, sport, and physical activity for all pupils. This funding must be used to make additional and sustainable improvements to our PE provision, ensuring every child has the opportunity to lead a health, active lifestyle.

At our school, PE and sport play a central role in school life. In 2024-2025 we will offer a range of after school and lunchtime clubs, train year 6 sports leaders to promote active play and support younger pupils, and take part in a variety of inter-school competitions.

Being a school near the coast we also recognise the importance of swimming as a life skill. We want every child in upper KS2 to have the opportunity to become confident and safe in water.

Our vision is to create a lifelong love of sport and active lifestyles, while improving health and wellbeing.

Swimming data- 2025-2026

Question	Stats.
